As Redjac seizes control of Picard's *Enterprise* and spreads holographic horror, the only way for the crew to resist insanity is to become one with their fears. Ship counselor Commander Deanna Troi concocts a daring plan for an away team to become hypnotized holodeck-incarnations of

timeless horror monsters, such as Dracula, Frankenstein, the Mummy, and others. Once they infiltrate the illusions, they can fight fear with fear. Sløth is juggling his stay-at-home dad obligations with his lifelong dream of being a black metal icon. His breadwinner wife, Lucy, is fed up with her job and just one meltdown away from
