ONE WORLD UNDER DOOM!

Six months ago, Doctor Victor Von Doom became Sorcerer Supreme - then disappeared behind Latveria's closed borders. For most, there's enough going on in the world that Doom's absence is not a priority, and some time without him feels like a blessing. Only a few recognize it for what it truly was...the calm before the storm. It is a storm that has now arrived. The world has woken up to a new reality: Doctor Doom, Earth's Sorcerer Supreme, has magically taken over every broadcast medium on the planet and declared himself Emperor of the World - the ruler of a new United Latveria! And shockingly, impossibly, all of Earth's leaders seem to be going along with this. Luckily, whether it's mind control or Doombots, whatever's affecting them hasn't affected Earth's heroes - and so they quickly form a strike team to stop Doom's machinations. But will they succeed? And what happens when some begin to welcome their new Emperor with open arms, clamoring for One World Under Doom? Marvel's biggest and most shocking event ever begins right here with ONE WORLD UNDER DOOM #1!

Presenting the greatest and most anarchic Defenders saga of all time!

Marvel has never had a bigger team of misfits than the Defenders – and the Defenders have never had a more exciting and innovative writer than Steve Gerber. Known as a “non-team” book, DEFENDERS left room for experimentation that other titles lacked. From the Elf with a Gun to Bambi and the Bozos, Steve Gerber used that space to push boundaries and craft a challenging critique of the era’s culture. His stories are brought to life by the art team of Sal Buscema and Klaus Janson as the Headmen Saga reaches an action-packed and insightful conclusion. This collection of classics is topped it off with MARVEL TREASURY EDITION #12’s much-adored Defenders/Howard the Duck team-up!
