- But how could a world without the FF have survived the myriad threats it must have faced? What does it mean that the only heroes left are Jean Grey and Namor, the Sub-Mariner? And what does her brother, Franklin, have to do with all of this?
- See Val make a shocking choice you won't want to miss...with consequences that will last for the rest of this run!

A new heroic era for Venom begins as Spider-Man friend and Army veteran Flash Thompson bonds with the symbiote for exploits that span the globe - and the entire universe!

Spider-Man's biggest fan meets his deadliest foe! The wall-crawler's heroism inspired Flash Thompson to join the Army, where he became an accomplished soldier. Though he lost his legs in combat, the government has offered Flash a chance to serve his country in a shocking new way: bonded with the Venom symbiote that used to be Spidey's black costume — and then his bitter enemy! As Agent Venom, Flash is the government's most lethal operative — but how long can he keep control of his volatile other? It won't be easy, particularly when facing the likes of Jack O'Lantern, Crime-Master, Daimon Hellstrom and Carnage! And when a portal to the underworld opens in the middle of Las Vegas, Venom must join Red Hulk, Ghost Rider and X-23 in an unlikely alliance fighting to prevent all Hell from being unleashed! Seeking a new start in Philadelphia, Flash only succeeds in sharing his infernal problems with a new symbiote host — and before long, it's time for an even more dramatic relocation: to outer space! And if he thinks returning to Earth will offer some respite, he didn't count on Civil War II breaking out! Get ready for Venom vs. Spider-Man like you've never seen before! Leap into the cosmic chaos of *Marvel Super Heroes Secret Wars*, a saga that redefined comic book storytelling and left an indelible mark on the mid-1980s cultural landscape! In 1984, as the world tuned into the height of Cold War tensions, grappled with economic booms and busts, and jammed to Michael Jackson's "Thriller" or Madonna's "Like a Virgin", Marvel dropped a super-powered bombshell that changed everything.

Transported to the mysterious Battleworld by the omnipotent Beyonder, Earth's mightiest heroes and most sinister villains find themselves thrust into a no-holds-barred conflict. The stakes? A promise of limitless power! Watch alliances form and crumble like a game of Risk on a Saturday night, as iconic figures like Captain America, Spider-Man and the X-Men square off against the likes of Doctor Doom, Magneto and Ultron. But this isn't just another battle of good vs. evil – this is survival, with moral dilemmas as complex as *Dynasty* plot twists.

Relive the saga that captivated a generation, redefining what super-hero storytelling could be. This deluxe Marvel Archive Edition collects *Marvel Super Heroes Secret Wars* #1-12, presented as facsimile editions, along with a gallery of iconic covers. Don't miss your chance to own a piece of comic history – because in the world of super heroes, “Secret Wars” was, and still is, the ultimate crossover event.

But to do so, he'll have to face an adversary whose power may dwarf even his own! On the other side of this conflict, Norrin Radd will not be the man he once was – in fact, he may have fallen to pieces, literally! Has the Surfer finally met his final fate here in a place beyond comprehension? Or can he pull himself together to save the universe from total annihilation? With reality itself at stake, the Silver Surfer will battle the Uni-Lord! Guest-starring Legacy, son of Captain Marvel! Continuing the most shocking X-Men event of all!

The world groans under the Darwinian conqueror Apocalypse's rule. Under his thumb, America has become a dark and dangerous dystopia where mutants rule, humankind suffers, and survival of the fittest is all! But in the shadows, the freedom fighters known as the X-Men – following a tenuously thin thread of hope – continue their dangerous and multi-pronged plan to restore the true Marvel Universe. As the X-Men battle Holocaust and the Sentinels, Nightcrawler searches for the seer Destiny, Cyclops and Havok clash in the Dark Beast's slave pens, and young Nate Grey meets his maker...literally!
